TELLS PARENTS HOW JESSE DYKES DIED

His Family Receive Appreciated Letter From Chaplain of Young Madison Boy's Regiment.

City Collector Jesse M. Dykes, has received an appreciated letter from the chaplain of the regiment to which his son, Jesse M. Dykes, Jr., belonged when he was killed with the American forces fighting against the Huns in the battle of the Argonne. Another letter from the Graves Registration Service informs Mr. and Mrs. Dykes that the body of this gallant young Madison county boy lies buried in the Commune (or county), of Clerges, Meuse, (state), France. Young Dykes lost his life October 4th. The letter from his chaplain and also the other letter in regard to his grave, etc., will be of interest to his host of friends at home, who, while mourning that they shall never see him again this side of the dark river, yet are proud of the splendid work that he did in defense of his country and freedom of the world. The letters read as follows: Anhausen, Germany, Feb. 11.

Dear Mr. Dykes:

Lieut. Enders gave me your letter and requested that I answer it, which I was very glad to do. Your son, Jesse M. Dykes, formerly with the 153th Infantry, was sent to the 126th Infantry on or about September 22, 1918, as a replacement. We were at that time in the Argonne forest. This as you no doubt know, was one of the big battles of the war. We suffered heavy losses. Your son was killed a day after reporting, by a machine gun bullet passing through his head. His death was instantaneous, of course, and he did not suffer. This happened near Somagne, and he was buried there with his companions who fell with him in battle.

I did not know your son, but have no doubt as to his bravery, heroism, and devotion to a great cause. He has given his life, it is a big price but the victory is great. It is for us to live these principles for which our comrades have given their lives.

May the Lord bless you and yours in this time of sorrow. Sincerely yours, Lt. C. F. ACREE, Chaplain 126 Inf. 32 Div. A. E. F.

American Expeditionary Forces, Headquarters Services of Supply, Office of Chief Quartermaster A. E. F. Graves Registration Service, Jan. 29, 1919.

I am sure that you will pardon the use of a form letter such as we are sending you today, when you try to realize under what great stress this office is working in order to give as prompt advice as possible concerning facts which are of such very vital importance to our sorrowing friends, whose brave men have suffered martyrdom on battle fields within our sphere of European operation.

It is with great sorrow that I am writing you, and only the urgency of your desire to know, prompts me to push forward this notification when my note is required to be so formal because of the great number to which my name has to be signed.

You have probably already received official advice concerning the death of the one whom you gave to your country, and the world for the saving of our civilization.

You will be comforted in knowing that his body has been recovered and that it lies buried in a spot which is under our care and control, and that there will be no danger of its loss or neglect.

We are sending you herewith, a note which gives general answers to a number of questions which our bereaved friends are often asking, and it will probably give information concerning some of the things you are anxious to understand.

Please be sure of our earnest desire to guard your interests, in every possible way, and our satisfaction in being able to care for the resting places of our dead. CHAS. C. PIERCE, Lieut. Col. Q. M. Co., U. S. A.

She had been a member of the Christian church since her early childhood. The funeral services will take place at Flat Woods this (Saturday) afternoon at 2 o'clock, conducted by Dr. E. C. McDougle. ITALIAN MUDDLE IN WILSON'S HANDS

And President Is Expected To Offer Solution—Swiss Offer Confirmation of Monroe Doctrine.

(By Associated Press)
Paris, March 22—Hope was expressed last night in peace conference circles that by the first of the week a plan will be presented which would surmount difficulties in the way of completing the peace-making work of the conference raised by Italy's threat to withhold approval of any peace treaty not definitely settling the Italian-Jugo-Slav controversy. President Wilson has the whole question before him and from him a satisfactory plan is looked for. The action of the Italian delegates, amounting virtually to an ultimatum directed to the Supreme Council, has given great concern to the delegations.

WILSON MAY RETURN MAY 1st

Washington, March 22—It is said unofficially here today that the President might return by May 1st, leaving Paris immediately after reaching an agreement on the principal features of the peace treaty without waiting the actual signing of the document. An extra session of Congress not later than May 15th, is now regarded as certain.

Swiss Amendment Confirms Monroe Doctrine

Paris, March 22—A Swiss amendment to the League of Nations tacitly understood to apply to the Monroe Doctrine, made public today, says "This covenant shall not be interpreted as containing anything contrary to the sovereignty of states except insofar as the state itself by adhering to the covenant shall consent and covenant itself, and shall not interfere with the internal affairs of any of its members."

Some American delegates feel it would meet the demands of the United States for some declaration in the spirit of the Monroe Doctrine.

The president of this organization had the power to change the maiden ladies as they appeared before him. This was accomplished rapidly by sending them from one room to another as they appeared later they represented a particular type which they had expressed a desire to be. It was an excellent program and enjoyed by every one present. Prof. Edwards, Superintendent of the Model School, is the faculty advisor of the Utopia Society and is to be congratulated upon the splendid work that is being done by the members of this Literary organization.

OPENING GUN FOR VICTORY LOAN DRIVE

Newly Appointed District Chairman Wires Mr. Burnam For Co-operation In Campaign Soon To Come

Chairman Robert R. Burnam, of Madison county in the Liberty Loan campaign, has received a telegram from Richard T. Anderson, newly appointed chairman for Eastern Kentucky, which is the opening gun of the forthcoming Victory loan. Mr. Anderson says:

"I have been appointed chairman of the Lexington area for the Victory Liberty Loan and cannot succeed in this great undertaking without the hearty co-operation of all the banking and business interests of the district and especially the services of the Liberty Loan chairmen and their organizations in the various counties. Out of your loyalty and knowledge of the past campaigns I bespeak your wholehearted co-operation as chairman of your county. Beyond the satisfaction of working with you to the end that our state may complete its splendid war record, there is the high and imperative duty to the nation that no one of us at this time can fail to render."

"I have been moved to accept this chairmanship from the same motives of loyalty that I am counting upon you. Please wire me at Lexington that you will carry through for another campaign and thus insure Kentucky's 100 per cent plus record."

The new district chairman succeeds J. W. Stoll, who served as chairman of this section of the Fourth Federal District, through the past four loan drives with marked success, carrying his area over the top every time. Upon his insistence that business made it imperative for him to resign from the position, Mr. Anderson was yesterday appointed by D. C. Willis District Chairman.

ADVISED BROTHER TO MURDER HIS WIFE

Is Charge Brought Against Porter Dishon In Sensational Indictment In Garrard Court.

The Lancaster Record this week contains the story of a sensational indictment brought by the Garrard grand jury in connection with the murder of Mrs. T. E. Dishon, who was shot to death by her husband on the pike near Lancaster a few months ago, after he had tied her in the barn, details of which were published by the Daily Register at the time. The Record says:

The present grand jury of the Garrard circuit court has only set three days but during that time have turned in eight indictments, one proving very sensational, in the indictment of Porter Dishon, for "accessory before the fact of wilful murder." He is a brother of T. E. Dishon who murdered his wife last August, and then committed suicide, details of the fearful tragedy being given in this paper at the time.

The charge in the indictment says: "One Thomas Dishon, unlawfully, wilfully and feloniously and with malice aforethought, killed and murdered Lilly Dishon, by hanging her and when she escaped and his attempt was discovered, shooting and killing her with a pistol loaded with powder and ball, and other hard substance and from which shooting and wounding, she then and there died; the said murder and killing being wilfully, maliciously and feloniously done with malice aforethought and before the time of the commission thereof and within twelve months last past, in Garrard county, Ky., on the day of 1918, said Porter Dishon did wilfully and maliciously and feloniously and with malice aforethought, counsel, advise and procure, said Thomas Dishon, to murder said Lilly Dishon, as aforesaid, and advised and counseled the said Thomas Dishon to kill said Lilly Dishon, and get rid of her; said Lilly Dishon being the wife of said Thomas Dishon, and escape and not be caught, and said Thomas Dishon in pursuance of said advice and counsel, did kill and murder his wife as aforesaid."

A damage suit brought by the administrator of Lilly Dishon against the administrator of T. E. Dishon for \$25,000 was argued before Judge Hardin on demurrer which was sustained and an appeal taken.

Court adjourned at Lancaster until Friday, March 28th. The Paint Lick flood cases were all passed, as a compromise in all these cases is thought will be made soon.
